

SOFT INTELLIGENCE
RETAIL SOLUTIONS WITH A PERSONAL TOUCH

Create industry-standard formatted export files with
SOFT INTELLIGENCE Tobacco Plus
simplifying the reporting of sales information for Tobacco
wholesalers and retailers.

Effortlessly manage sales and inventory, ensure compliance, and maximize opportunities with **SOFT INTELLIGENCE MULTICAT™** File format for MSA Wholesale Reporting, or choose from MSA Retail or Altria Scan Data Formats for retail reporting.

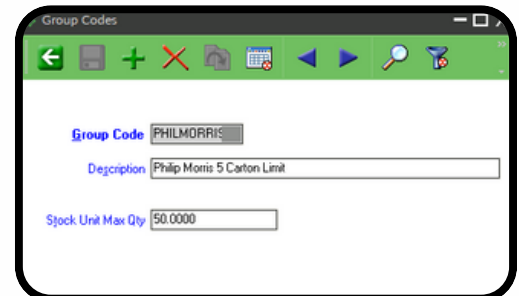

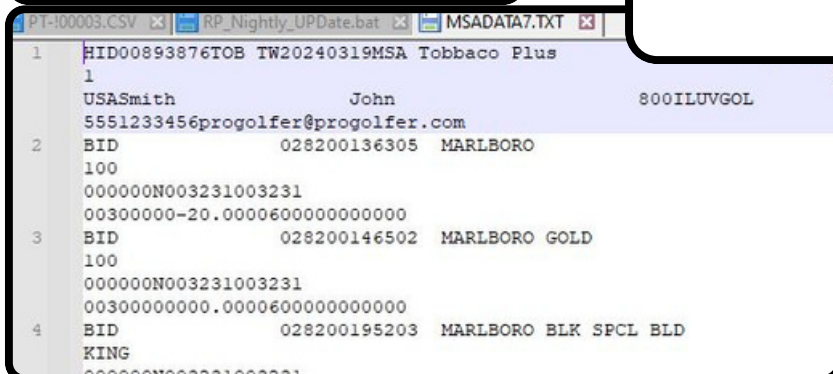

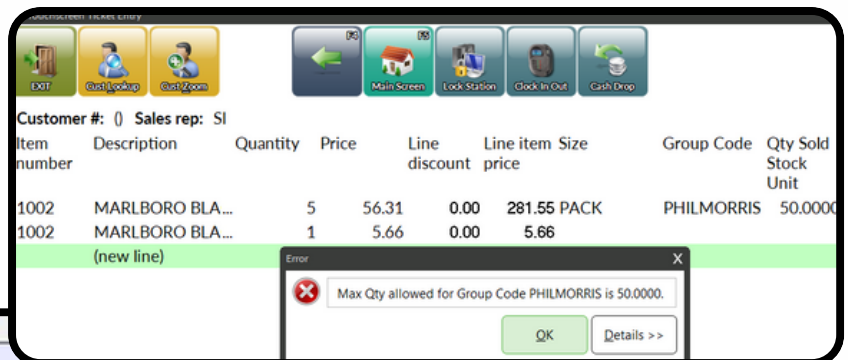

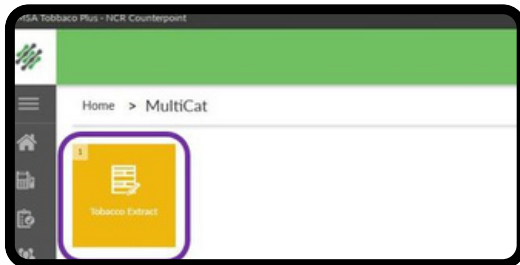

Tobacco Plus features include:

Retail

- Limit total purchase quantity within a group
- Create a weekly export file
- Automatically upload export file to MSA or Altria

Wholesale

- Verify client's tobacco re-seller permit and expiration date
- Verify Client's permit information when selected items are sold
- Track quantity totals when completing a sales transaction
- Report sales transactions back to the original manufacturer
- Create extract file in MultiCat format
