SOFT INTELLIGENCE NCR Counterpoint Report Library: Validated Returns Report

Take control of your return transactions with our **Validated Returns Report**, designed to deliver clear, accountable insights for retail operations. This custom report helps you **track, verify, and reconcile returns** with accuracy and ease.

Key Benefits:

- **Clear Line-by-Line Breakdown** of each returned item, including item description, price, original sale ticket, and return reason.
- **Customer-Level Insights** – Know exactly who returned what and when, with support for both cash and account-based returns.
- **Audit-Ready Format** – Includes original and return transaction references for full transparency.
- **Date-Driven Reporting** – Returns are sorted by business date to streamline analysis and reporting.
- **Built for Managers** – Perfect for identifying trends, validating employee returns, and improving inventory accuracy.

Date 8/4/2025 Time 10:21:17AM
