

SOFT INTELLIGENCE
RETAIL SOLUTIONS WITH A PERSONAL TOUCH

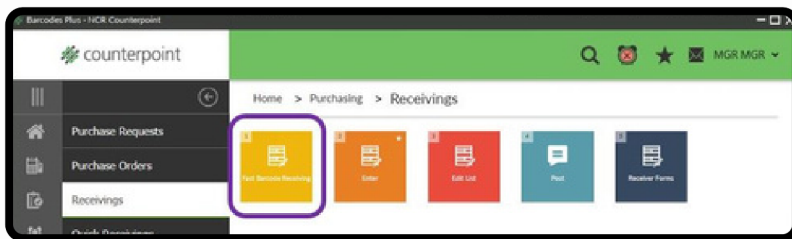

Streamline inventory movement with **SOFT INTELLIGENCE Barcodes Plus** simplifying both inventory receiving & transfer processes

The **Barcodes Plus** customization from **SOFT INTELLIGENCE** enhances barcode scanning efficiency by incorporating Fast Data Entry screens into key Counterpoint functions. **Barcodes Plus** allows you to effortlessly scan barcodes for receiving or transferring inventory, eliminating the need for data collectors or imports. This streamlined process not only saves time but also boosts overall operational efficiency.

Barcodes Plus features include:

- **Enhanced scanning functionality for Transfers, Quick Receiving, Receive with or without PO & Return to Vendor activities**
- **Scan the barcode of inventory you wish to receive or transfer**
- **Increase efficiency**
- **Works with standard barcode scanner**
