

SOFT INTELLIGENCE
RETAIL SOLUTIONS WITH A PERSONAL TOUCH

Customer reward tracking made simple with **SOFT INTELLIGENCE Rewards Plus** simplifying customer reward monitoring and management

With the SOFT INTELLIGENCE **Rewards Plus** package you can implement a customer loyalty program enabling your business to set purchase requirements, track customer progress, and reward repeat purchases with complimentary offerings.

Rewards Plus features include:

- Track customer purchases
- Inform your customer when they have earned their free item or service
- Simple, validated redemptions
- Customer may belong to multiple loyalty programs at the same time, each with their own rule sets.
- Includes extensive reporting for Redemptions, Qualified purchases, Program Statistics and more
- Quick, easy, and automated vendor reimbursement through ASTRO FBC (Frequent Buyer Cards)* integration for the pet industry. Requires manufacturer UPC codes.

*ASTRO FBC is an optional add-on
